Make a Booking – LCL

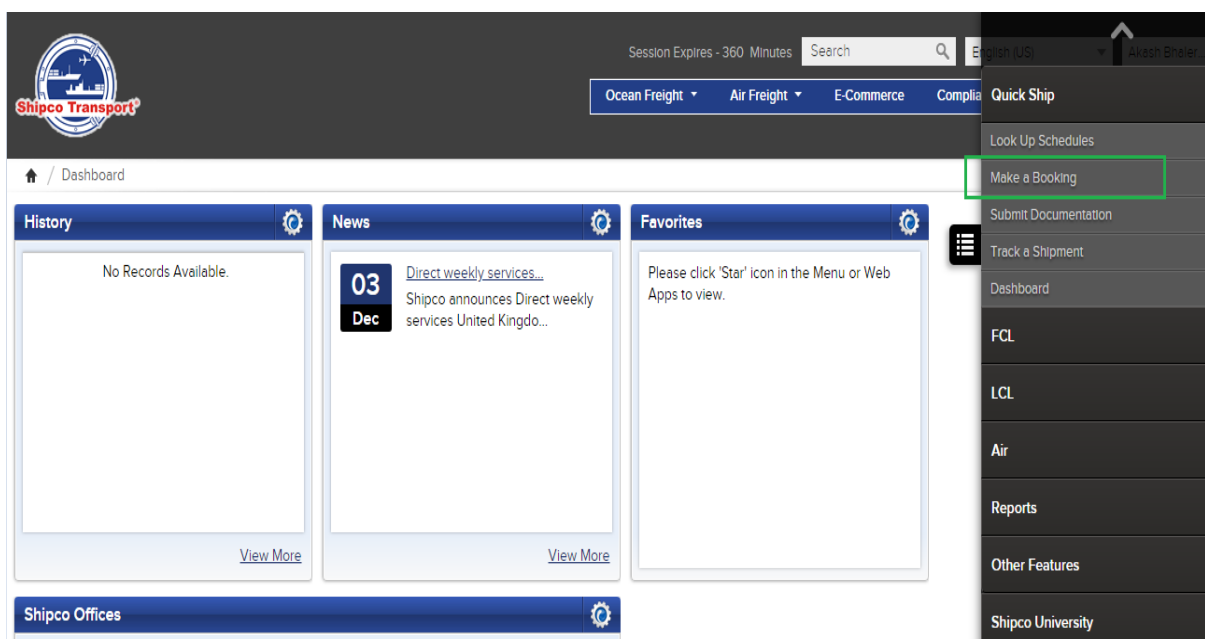

LCL BOOKING

Note: Throughout the website, mandatory fields in a form are marked with an asterisk.

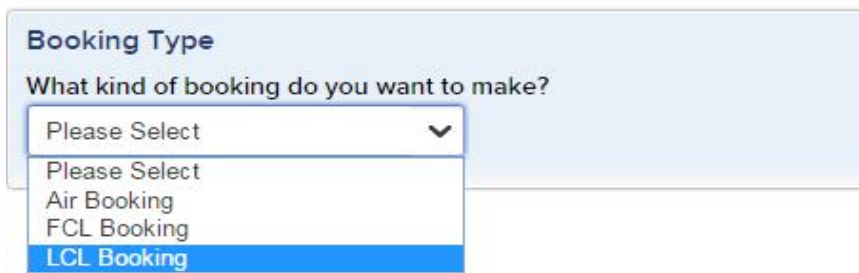

To create an LCL Booking on the Shipco Website, you first need to ensure that you are logged in.

To access the booking form, you can select the Make a Booking link from the Favorites panel.

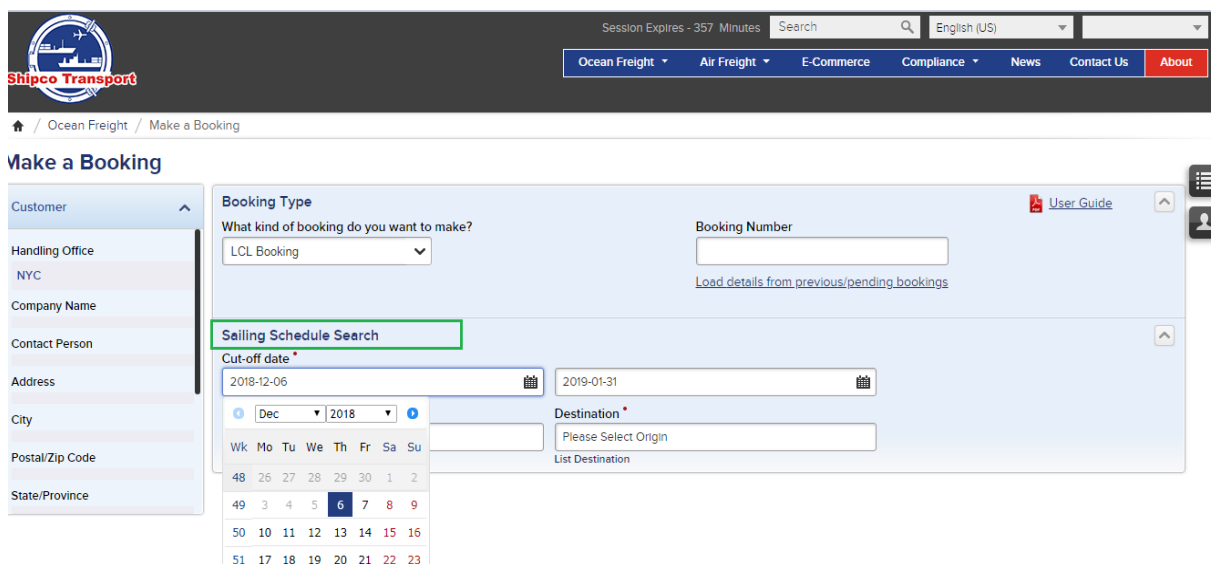

The default **Make a Booking** screen is displayed. Here, from the **Booking Type** list, you can pick the type of booking that you want to create. Options include: **Air Booking**, **FCL Booking**, and **LCL Booking**.

The screenshot shows a dropdown menu titled "Booking Type" with the question "What kind of booking do you want to make?". The menu is open, showing four options: "Please Select", "Air Booking", "FCL Booking", and "LCL Booking". The "LCL Booking" option is highlighted in blue.

To create an LCL booking, select the **LCL Booking** option. This displays the **Sailing Schedule Search** section.

Using the options in the Sailing Schedule Search section, you can search for the ideal route and carrier to transport your shipment. To do this, you need to specify the dates during which you want to dispatch your shipment in the **Cut Off Date** fields.

The screenshot shows the "Make a Booking" screen for Shipco Transport. The page includes a navigation bar with "Ocean Freight", "Air Freight", "E-Commerce", "Compliance", "News", "Contact Us", and "About". The main content area is titled "Make a Booking" and features a "Customer" sidebar on the left. The "Booking Type" section is set to "LCL Booking". The "Sailing Schedule Search" section is highlighted with a green box and contains the following fields:

- Cut-off date ***: 2018-12-06 (trash icon) and 2019-01-31 (trash icon)
- Destination ***: Please Select Origin (dropdown), List Destination (input field)

A calendar is displayed below the cut-off date fields, showing the month of December 2018. The date 6 is highlighted in blue.

Next, you specify the origin in the **Origin** field.

The screenshot shows the 'Make a Booking' form with the following fields and values:

- Customer:** NYC
- Booking Type:** LCL Booking
- Booking Number:** (empty)
- Sailing Schedule Search:**
 - Cut-off date: 2018-12-07
 - Origin: (dropdown menu open)

- IDSUB, Surabaya, Indonesia
- INPNQ, Pune, India
- NLRTM, Rotterdam, Netherlands
- UACEJ, Chernigov, Ukraine
- UACKC, Cherkassy, Ukraine
- UACWC, Chernovtsy, Ukraine

Then, you specify the destination in the **Destination** field.

The screenshot shows the 'Make a Booking' form with the following fields and values:

- Customer:** NYC
- Booking Type:** LCL Booking
- Booking Number:** (empty)
- Sailing Schedule Search:**
 - Cut-off date: 2018-12-07

In the form, before you proceed to fill out any of the fields, you need to specify whether the freight needs to be picked up. Depending upon the option selected, the section for pickup information is displayed.

The screenshot displays a web-based form for LCL booking. On the left, a sidebar contains a 'Routing' section with a list of locations: Chicago, United States; Norfolk, United States; Antwerp, Belgium; and MAERSK CAROLINA. The main form area is divided into several sections: 'Sailing Schedule Search', 'Sailing Schedule Result(s)', 'Conditions & Exceptions' (with a checked box for terms and conditions), and 'Pickup'. The 'Pickup' section features a dropdown menu for 'Would you like for us to arrange for the freight to be picked up?' with 'Yes' selected. Below this is the 'Cargo' section, which includes a table with columns for 'Marks and Numbers', 'Commodity', 'Pieces', 'Packaging', 'Weight (lbs)', 'Volume (cbf)', 'Fumigation', and 'Hazardous'. The 'Miscellaneous' section contains fields for 'Shipping Reference', 'Forwarder Reference', 'Consignee Reference', 'Coload/Commodity', and 'Shipco Transport Quote Number'. A 'Comments' field is located at the bottom.

Once this is done, you proceed with filling out the rest of the form. Please note that the fields marked with an asterisk are mandatory fields and cannot be skipped.

1. Pickup

The first section in the LCL Booking form is **Pickup** section.

Here, you specify whether the shipment needs to be picked up from the default location specified at the time of booking by selecting **Yes** or **No** from the **Pickup from your default location** list.

3. Cargo

The last section in the LCL Booking form is the **Cargo** section. Here, you need to specify details related to the shipment, such as the commodity being shipped and container details.

The first field is the **Commodity** field. Here, you need to specify the commodity being shipped. Next, in the **Pieces** field, you need to mention the number of pieces that the shipment will contain. Then, you need to specify the type of packaging by selecting an option from the **Packaging** list.

The screenshot displays the 'Cargo' section of an LCL Booking form. The form includes fields for contact information (Email, Phone, Fax), pickup details (Estimated Pickup Date, Time From, Time To), and cargo specifications. The 'Cargo' section is highlighted with a blue background and contains the following fields:

- Marks and Numbers:** A text input field.
- Commodity:** A dropdown menu with 'Technical Equipment' selected.
- Piece(s):** A text input field with '2' entered.
- Packaging:** A dropdown menu with 'Select' selected. A green box highlights the dropdown, and a list of packaging options is shown below it: Select, Bags, Bales, Boxes, Bundles, Cans, Cartons, Cases, Crates, Drums, Gaylords, Jerricans, Lift Vans, Packages, Pallets, Pieces, Racks, Reel, Rolls, Skids.
- Weight (lbs):** A text input field.
- Volume (cbf):** A text input field with a small icon.
- Fumigation:** A dropdown menu with 'No' selected.
- Hazardous:** A dropdown menu with 'No' selected.

Additional fields in the 'Cargo' section include 'Class', 'Miscellaneous', 'Shipping Reference', 'Forwarder', 'Shipco Transport Quote Number', 'Secondary', 'Consignee Reference', and 'Comments'.

Next, you enter the weight and the volume of the shipment in the Weight and Volume fields respectively

You can also calculate the Volume by clicking on highlighted icon, which opens up a Volume calculator.

A screenshot of a "Volume Calculator" dialog box. The dialog has a title bar with "Volume Calculator" and a close button (X). Inside, there are input fields for "No Of Pieces", "Length", "Width", and "Height", each containing the value "10". There is a "Unit" dropdown menu set to "Feet". To the right, there is a "Cbf" field containing "10000.000". Below these is a "Grand Total" field also containing "10000.000". To the right of the "Grand Total" field is a blue "Copy" button, which is highlighted with a red rectangle. There are also minus and plus buttons next to the "Cbf" field.

You enter the number of pieces, length, width and height pertaining to the shipment. Then select the unit of measurement from the **Unit** selection list. The calculated volume is displayed in the **Grand Total** field. Click on **Copy** and the value will get copied in the **volume** field on the Booking form.

Note: Volume value once calculated if changed manually will not be considered.

Note: You can convert these values to the metric system by clicking the Metric link at the right.

Then, you specify whether the shipment needs fumigation by selecting **Yes** or **No** from the **Fumigation** list.

The screenshot shows a shipping booking form with the following fields and values:

- Email: abhalerao@shipco.com
- Phone: +1 866 123 4567
- Fax: (empty)
- Estimated Pickup Date: 2018-12-06
- Estimated Pickup Time From: 06:00 AM
- Estimated Pickup Time To: 06:20 AM
- Commodity: Technical Equipment
- Piece(s): 2
- Packaging: Boxes
- Weight (lbs): 120
- Volume (cbf): 300
- Fumigation: No (dropdown menu is open showing No, Yes)
- Hazardous: No
- Class: Class500

Buttons: Save For Later, Submit

Then, you specify whether the shipment is hazardous by selecting **Yes** or **No** from the **Hazardous** list.

The screenshot shows a shipping booking form with the following fields and values:

- Commodity: Technical Equipment
- Piece(s): 2
- Packaging: Boxes
- Weight (lbs): 120
- Volume (cbf): 300
- Fumigation: No
- Hazardous: No (dropdown menu is open showing No, Yes)

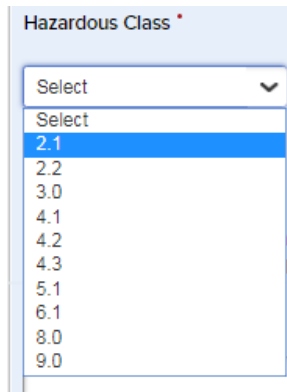

If the shipment is hazardous, then you would need to provide a few more details, such as the hazardous class to which the commodity belongs, the U.N. Number, and the packing group.

The screenshot shows a shipping booking form with the following fields and values:

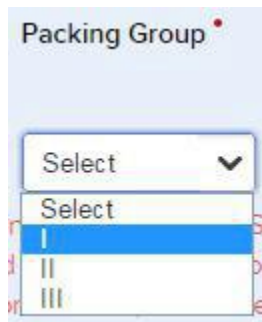

- Commodity: Technical Equipment
- Piece(s): 2
- Packaging: Boxes
- Weight (lbs): 120
- Volume (cbf): 300
- Fumigation: Yes
- Hazardous: Yes
- Hazardous Class: Select
- Subrisk: (empty)
- Proper Shipping Name: (empty)
- U.N. Number: (empty)
- Packing Group: Select

Please note that all hazardous bookings are considered preliminary and are subject to final confirmation by Shipco and carrier as to approval of hazardous materials and compatibility. To expedite final approval and confirmation of your booking, kindly forward your Dangerous Goods Declaration (DGD) immediately referencing your booking number. Dangerous Goods Declaration (DGD) must be received prior to final booking confirmation, otherwise booking will not be valid.

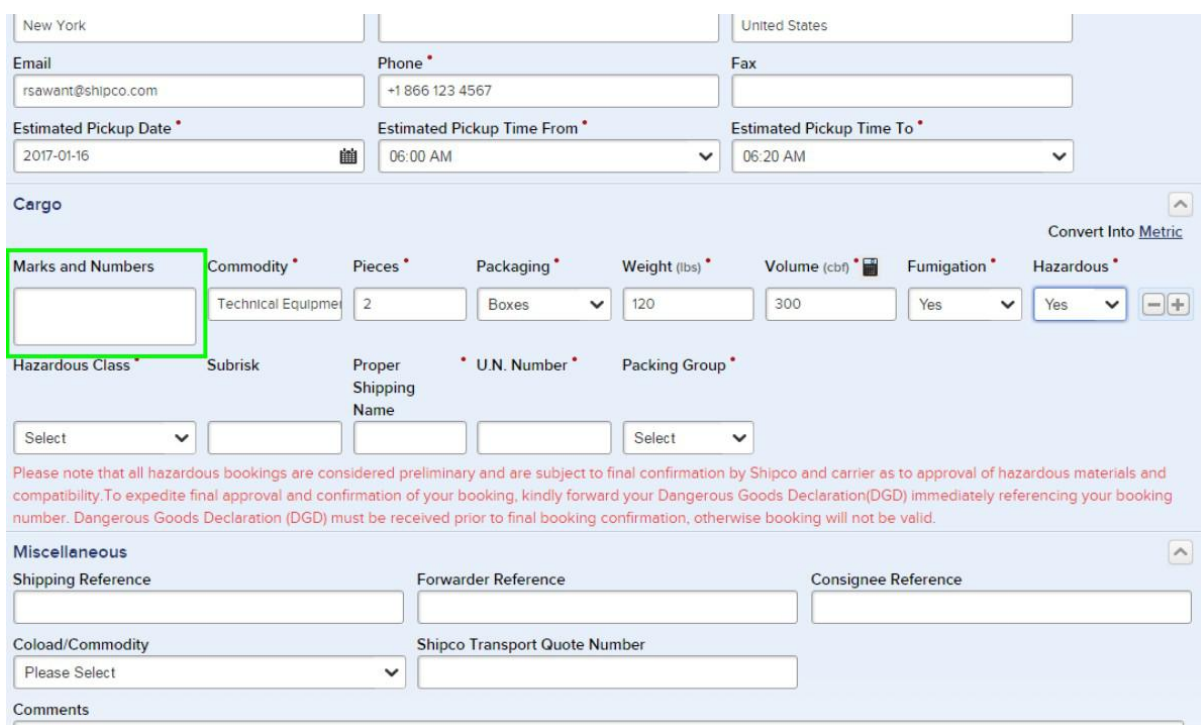

Select the Hazardous class from the selection list:

Enter the Subrisk, proper shipping name and the U.N.number and select the packaging group from the selection list.

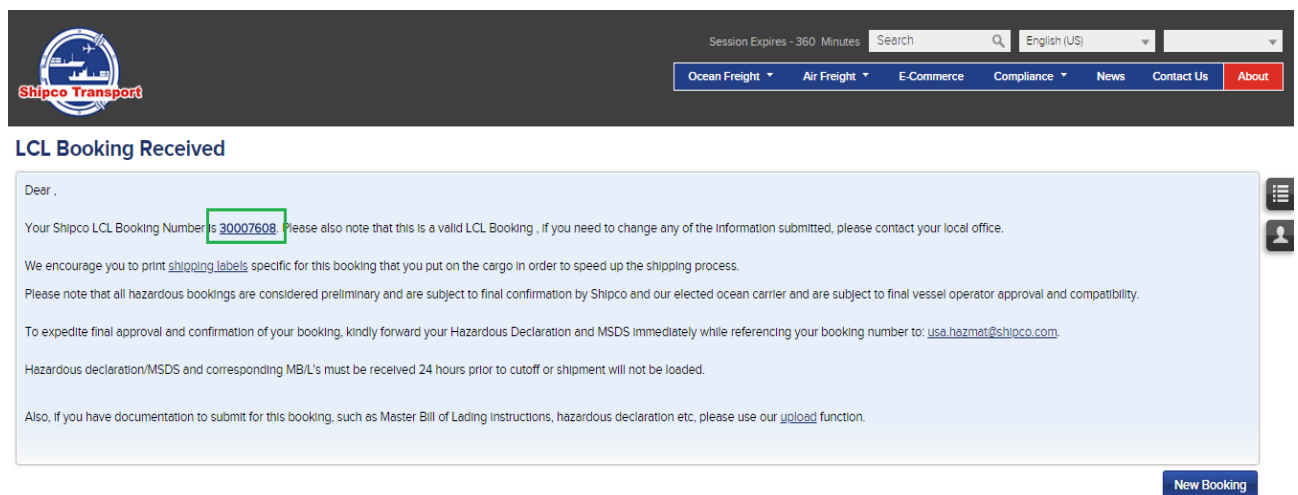

In the **Marks and Numbers** field, you enter the relevant details.

In case you need to add more specifications for more shipments, you can click the + sign just above the **Submit** button. Likewise, to remove a row, click the – sign.

To complete the booking, click the **Submit** button after all the mandatory fields have been filled.

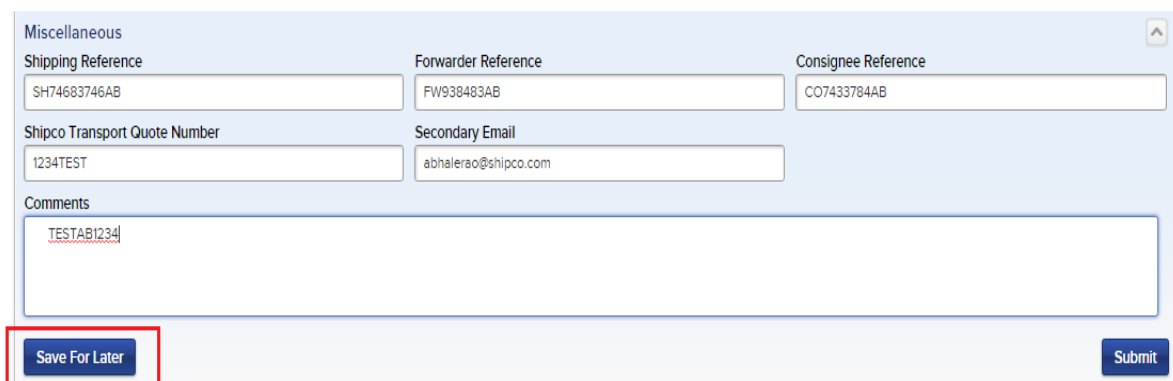

The final booking confirmation screen is displayed. Here, the booking number that has been generated is displayed. You can use this number later for tracking.

The screenshot shows the top navigation bar of the Shipco Transport website, including the logo, session expiration timer, search bar, language selector, and menu items like Ocean Freight, Air Freight, E-Commerce, Compliance, News, Contact Us, and About. Below the navigation is a blue header for "LCL Booking Received". The main content area is a light blue box containing a confirmation message. The message starts with "Dear ," and states that the booking number is 30007608. It provides instructions on printing shipping labels, notes on hazardous bookings, and mentions the need for hazardous declarations and MSDS. A "New Booking" button is located at the bottom right of the message box.

B. Save it for later

This is the new functionality which offers you to save the booking details that you have entered by assigning a distinct booking reference number which you can access later to Submit a Booking. After filling all the required details on to the booking form, click on Save for Later.

The screenshot shows a "Miscellaneous" form with several input fields. The fields are: Shipping Reference (SH74683746AB), Forwarder Reference (FW938483AB), Consignee Reference (CO7433784AB), Shipco Transport Quote Number (1234TEST), and Secondary Email (abhaleao@shipco.com). Below these fields is a "Comments" section with a text area containing "TESTAB1234". At the bottom left, the "Save For Later" button is highlighted with a red box, and the "Submit" button is at the bottom right.

The following pop up message is displayed. You can complete this booking anytime by using our 'Load details from previous/pending bookings' option provided on booking screen.
