Shipco Transport

Shipco Strengthens Network in the Middle East

Shipco Transport, in conjunction with Saco Shipping, Germany, has opened SSC Consolidation LLC in Dubai, United Arab Emirates. Adding to its Belgian and Dutch counterparts, this is the third joint venture between the two neutral NVOs.

The full-service operational office allows Shipco to have its own presence in the Middle East, facilitating a more seamless connection for cargo moving in and out of the region. Handling ocean import and export, LCL and FCL, the 7,500 square meter purpose-built facility is located at Jebel Ali Free Zone and currently employs a staff of 30 people.

SSC Dubai will also join the WorldWide Alliance, making United Arab Emirates the 60th country in which the Alliance has direct representation.

Effective July 1, 2011, SSC Dubai is officially open and ready to serve global logistics needs. The operations office can be reached at:

SSC Consolidation LLC
PO Box 263416
Jebel Ali, UAE
Tel: +9714 8807222
Fax: +9714 8807272

Shipco Transport provides a comprehensive range of neutral export and import ocean and airfreight services. Shipco is a wholly owned subsidiary of Scan-Group, an international shipping and transportation company headquartered in Copenhagen, Denmark with more than 2,000 employees in own offices worldwide.

Shipco is a founding member of the WorldWide Alliance, an association of the world's top NVOCCs.
